

#### **D.) REMARKS**

This Amendment under 37 C.F.R. §1.312 is being submitted after receipt of a Notice of Allowance dated September 5, 2006.

Upon entry of this Amendment, claims 1-9, 11-25 and 27-34 will be pending in the Application.

This Amendment under 37 C.F.R. §1.312 is being submitted to make minor amendments to independent claims 1, 13 and 19. In claims 1, 13 and 19, "control panel" is being replaced by "control system," specifically, the word "panel" is being deleted and the word "system" is being added, to provide consistency and antecedent basis for the corresponding defendant claims depending from claims 1, 13 and 19. Applicant submits that the amendments to claims 1, 13 and 19 are minor corrections and do not change the scope of the claims or impact the patentability of the claims because the specification discusses both "control system" and "control panel" and the defendant claims use "control system" as opposed to "control panel". Applicant submits that no new matter is being added by this Amendment and respectfully requests entry of this Amendment under 37 C.F.R. §1.312. If the Examiner believes that prosecution of this Application could be expedited by a telephone conference, the Examiner is encouraged to contact the Applicant.

The Commissioner is hereby authorized to charge any additional fees and credit any overpayments to Deposit Account No. 50-1059.

Respectfully submitted,
